Mr. Ulyss S. Mitchell, Acting Director
The American Baptist Publication Society
1701-1703 Chestnut Street
Philadelphia, Pennsylvania

Dear Mr. Mitchell:

Your letter to Senator La Follette of November 6 has been refered to me.

The Government Printing Office made a fairly accurate estimate when they told you our Hearings would consist of about ten volumes. However, they should have informed you that the first two of these volumes will be issued in a month or so.

In the event that you need information before our Hearings are distributed I will be only too glad to provide you with whatever I can. Simply outline to me the specific knowledge you desire.

I am sorry that there are no extra copies of galley proofs with which I might provide you.

We are handicapped by an exceedingly small appropriation and consequently will have no printed copies of our Hearings available for distribution, but the cost, if bought from the Printing Office, is small, in the neighborhood of twenty-five cents.

You may be interested in knowing that the Preliminary Hearing is being reprinted and soon will be available through the Printing Office.

We really appreciate your interest in our activity and would appreciate copies of anything you write about us.

Very truly yours,

Harold Weisberg, Editor
Sub-Committee of the
Committee on Education and Labor
